7" AHD 1080P Rearview Monitor Specification

Products Name	7inch AHD 1080P Rearview Monitor
Video Format	AHD/CVBS Hybrid
Resolution	1024*600*RGB
TV System	PAL/NTSC
Power supply	DC 9-36V
Power Consumption	7W
Screen ratio	16:9
Backlight luminance	LED, Luminance 400 cd/m2
Signal input	2ch AHD 1080P /720P input, 2ch CVBS input, AHD/CVBS Hybrid
Trigger	AV2 for reversing
OSD menu,Remote control	Yes
Connector	4Pin or RCA optional
Accessories	User manual/Remote controller/Power cable/Sunshade/Bracket
Operating Temperature	-20°C ~ 70°C, RH 95% MAX
Storage Temperature	-30°C ~ 80°C, RH 95% MAX

720P AHD AI Camera

Image sensor	1/2.9" GC2053 CMOS
Effective Resolution	1280*720P
AI recognition algorithm	Delay 120MS within the range of 0-15KM per hour
Viewing angle	2.8mm lens 120 degrees
Signal to noise ratio	> 52DB(AGC OFF)
System	PAL/NTSC
Image	Mirror
Video Output	720P
Waterproof level	IP68
3D Noise reduction	Support
Connectors	4PIN aviation connector
Power supply	12V
Power consumption	About 0.8W
Maximum current	80MA
Working temperature	-20°C to 70°C
Storage temperature	-30°C to 80°C
